

There Is a Constantly  
Increasing Reason Why  
You Should Buy

# WAR SAVINGS STAMPS

**T**HERE is a greater reason why you should buy "WAR SAVINGS STAMPS" this month than there was thirty days ago—more reason why you should this week than there was last—there is a bigger reason why you should buy them today than there was yesterday—the reason is because the Government has more urgent need of the money.

All along the line there is greater activity—a greater speeding up—things are being done today on a far bigger scale than was thought possible a year ago—because everybody wants to END THE WAR AS QUICKLY AS POSSIBLE.

The faster the War Department's plans mature the faster the money must come in to meet the expenditures—and it is up to everybody—to YOU—to do their part.

But on the other hand these "THRIFT" and "WAR SAVINGS STAMPS" offer you the very best opportunity imaginable to make safe and profitable investment—and with "THRIFT" Stamps only 25c each they are certainly within reach of all.

When you have purchased sixteen "THRIFT" Stamps they can be exchanged for a "WAR SAVINGS STAMP" on the payment of 16c (during May) and they will be redeemed by the Government on January 1, 1923, at \$5 each.

If you really do want to see the Huns whipped DO YOUR PART and DO IT EVERY DAY—BUY "WAR SAVINGS STAMPS."
